

# The Scoop Troop

**We know that you have better things to do with your time than picking up after your Dog. Somebody has to do it, but it doesn't have to be you! Let the Scoop Troop do it for you.**

Hi, I'm Chris De La Paz, owner of the Scoop Troop; we are a professional staff whose number one goal is customer satisfaction. The Scoop Troop is a pet waste removal service. We offer different service schedules to meet your individual pet waste removal needs. We disinfect our equipment in between service calls to prevent the spread of diseases. We offer services once per week, twice per week and every other week. We also offer one time service.
